

Inpatient Coder, Medical Records – Full-Time

Reading, PA

The Reading Hospital and Medical Center is an 800-bed facility in scenic Berks County, PA and an accredited Level II Trauma Center. We offer all the benefits of community living and access to major urban entertainment and educational opportunities.

By joining our Medical Records team as an Inpatient Coder, you will review the entire medical record as well as utilize the concurrent review worksheet to assign the DRG.

Candidates must have:

- prior coding experience and RHIA, RHIT, CCS (Certified Coding Specialist) or eligibility
- an in-depth knowledge of Anatomy and Physiology

This position works on-site with the opportunity to work from home after 1 year of training.

For more information and to apply, please visit our Web site at www.readinghospital.org or send your resumes to szymborskiq@readinghospital.org. EOE
